

ETHOS PERCUSSION GROUP

Technical Rider

INSTRUMENT REQUIREMENTS

For most performances, presenting organizations will be expected to provide a number of instruments. A sample list will be given with the contract, and a specific list will be provided later based on the repertoire chosen for the performance. All information regarding instruments will be provided by Ethos in a timely manner prior to the performance (1-3 months).

STAGE REQUIREMENTS

Stage

The stage surface should be swept clean prior to company's arrival and clear of any obstructions. All instruments must be on stage at time of Ethos' arrival. Ethos will not assist with moving, set-up or striking of instruments provided by Presenting Organization.

- Stage Dimensions: (minimum performing area) – 20' x 30'

Presenter to provide the following equipment to be placed on stage:

- Twenty (20) sturdy Manhasset-type music stands
- Four (4) identical chairs without arms (folding chairs acceptable)

SOUND REQUIREMENTS

Sound Equipment

- One (1) standing microphone (Shure SM 57 or 58 or equivalent) for announcements with on/off switch
- House sound
- Two (2) Drum microphones (Shure SM 57 or 58 or equivalent)
- One (1) boom stand
- One (1) table-top stand
- One (1) monitor

NOTES:

- For venues with 700+ capacity, presenter to provide all equipment listed above plus a minimum of four (4) mics for ambient reinforcement (AKG 414 or equivalent)
- For outdoor venues, presenter to provide ten (10) additional high quality microphones on booms and two (2) monitors (on stage)

CREW

Presenting organizations must provide one (1) crew member, dressed in black, to assist during performance

DAY OF SHOW SCHEDULE

Crew Call & Load in: 6 hours prior to performance

Sound Check & Rehearsal: 4 hours prior to performance; all performance running personnel must be present

Rehearsal Completed: 2 hours prior to performance

Load out: Take approximately 2 hours and will begin approximately 30 minutes following performance

NOTE: Load in for outreach services will take place 30-60 minutes prior to service. Group will confirm exact time approximately 24 hour prior to service.
